Crème de la crème

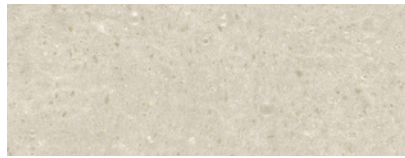

Mousse, a discreet collection of contemporary beauty that oozes with personality.

A convergence of styles has been responsible for the birth of the Mousse collection. The development of a cement wall tile in a single size and colour, contrasts with a porcelain floor tile in 3 different colours with a wide range of formats and finishes. This collection seeks its own identity that makes it unique. At the same time, the series is intended to be the ideal companion to the emblematic Spuma collection, completing it in a delicate and versatile way.

Mousse presents a new graphic artistically crafted by the same creators of Spuma using a single colour range per piece. This achieves a uniform, prudent and very elegant aesthetic, which easily adapts to the multiple projects found in architectural and interior design of the here and now.
